**Campers should come dressed ready to dance each day. We will not have changing time since there is only one bathroom in the studio. Campers should have breakfast before they come as there will only be a small snack time after the dance portion of the day. We will have reading/enrichment time. We will provide some books/read aloud to the whole group but please also pack a few books your child can read on their own (and/or with the camp counselors). There will be time for outdoor play so campers must wear a pair of socks and sneakers each day as well.**
